

BAMAR-36 SYSTEM

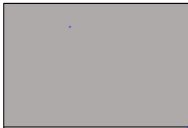

CATEGORY: system for roof windows

BAMAR-36 system is a product for roof windows (**Velux, Fakro, Roto, Okpol type**). It is equipped with spring mechanism, and aluminium covering slat. Thanks to aluminium side guides (90° cutting) with sliders it is possible to prevent the textile from falling out. There is also possibility to block the fabric at any height using special brakes system.

Bamar-36 system is fastened to casement using screws.

COLOUR

silver
